PROFILE

Software Developer with 5+ years of experience in enterprise application development using ASP.NET, C#, Java, SQL Server, and Spring Boot. Experienced in backend API development, database integration, debugging, testing, and system enhancements. Familiar with frontend technologies including React.js and JavaScript. Strong background in healthcare, telecommunication, finance&insurance and business systems development.

SKILLS

- Languages: Javascript, C#, Java, HTML, CSS
- Frontend: JavaFX, React.js, Bootstrap, Tailwind CSS
- Backend: ASP.NET Core, REST API, Spring Boot
- Testing: JUnit 5, JUnit 8, Mockito, XUnit, MSTest
- Databases: SQL Server, MySQL Server, PostgreSQL
- Tools: Docker, IIS, Postman, Swagger
- Version Control: (GIT/GitHub/GitLab/BitBucket)
- Cloud: Azure

EDUCATION

B.SCI. INFORMATION TECHNOLOGY

Cebu Eastern College

2015 - 2019

LANGUAGE

- ENGLISH
- FILIPINO

EXPERIENCE

PROGRAMMER 1

RD PAWNSHOP INC.,

Jan. 2020 - Aug. 2023

- Developed and maintained enterprise web applications for financial and business operations using ASP.NET, C#, JavaScript, and SQL Server.
- Collaborated with stakeholders and business users to gather technical and functional requirements for system enhancements and new features.
- Implemented backend functionalities, database integrations, and user interface improvements to enhance system usability and operational efficiency.
- Created and optimized SQL queries, stored procedures, and database-related functionalities for business applications.
- Assisted in deployment processes and developed tools/scripts to streamline application deployment and maintenance activities.
- Participated in debugging, troubleshooting, bug fixing, and performance optimization of existing systems.
- Worked closely with cross-functional teams to ensure timely delivery of project requirements in deadline-driven environments.
- Developed internal business intelligence and reporting tools to support operational monitoring and client data analysis.
- Conducted system testing, validation, and maintenance to ensure application stability and reliability.
- Mentored and assisted new team members in understanding development workflows and project processes.

PROJECT HANDLED:

- Online Sales System (ASP.Net Framework 4.5.1, WinForm, SAP Crystal Reports)
- RDOperation (ASP.Net Core Web API, ADO.NET)
- EPurchasing (ASP.Net MVC, HTML5, JavaScript Native, JQuery, CSS)
- Online Pledge (ASP.Net 4.5, HTML5, JavaScript Native, JQuery, CSS)
- WebServices (C# WCF)

TRAININGS

- SDLC 2023 (Udemy)
- Software Engineering 101(Udemy)
- Wep App Security (Udemy)
- Secure Product Lifecycle(Udemy)
- Ultimate Rust Crash Course(Udemy)

APPLICATION SYSTEMS ENGINEER/CONSULTANT

WeServ Systems International Inc. | Fujitsu PH

Sept. 2023 - Present

- Developed and maintained enterprise healthcare applications using ASP.NET and VB.NET.
- Improved deployment efficiency through CI tool implementation.
- Collaborated with cross-functional teams to deliver client requirements on schedule.
- Create test specifications and execute testing software. (PTS) & (PTE)
- Maintained and enhanced healthcare maintenance systems used in daily operations.

PROJECT HANDLED:

- Healthcare Nursing Work (VB.Net, Javascript, ASP.Net)
 - Developed and maintained healthcare-related web applications using VB.NET, ASP.NET, and JavaScript to support nursing and operational workflows.
 - Healthcare VNA Maintenance (C++, VB.Net, ASP.Net, javascript)
 - Aladin (Java Spring Boot, JUnit 4, JUnit 5, Mockito, JavaFX)
-
